

THE MEDICAL ALLEY ASSOCIATION

We serve the individuals and organizations that comprise Minnesota's health technology industry by influencing policy, fostering connections and providing critical intelligence to advance health innovation around the world.

OUR MISSION

To champion and facilitate an environment that enables health technology and care organizations to innovate, succeed and influence the evolution of healthcare.

POWERING THE EVOLUTION OF HEALTHCARE

VISIT US AT WWW.MEDICALALLEY.ORG

ADVOCACY

The Medical Alley Association lobbies at the state and federal levels. Utilizing our strong relationships with public officials, we influence and inform policies that improve the business environment for our members. Your concerns drive the agenda; we deliver solutions.

RESEARCH

The Medical Alley Association combines member inquiry, market demand and a team of expert researchers asking the questions that generate original insights. Sector landscapes, the annual salary report and quarterly investment updates, for instance, inform critical decision-making.

**YOUR ASSOCIATION INFORMS, INTEGRATES AND ELEVATES
THE EXPERTISE AND LEADERSHIP OF MEDICAL ALLEY,
THE GLOBAL SOURCE OF HEALTH INNOVATION AND CARE.**

HEALTHCARE HAPPENS HERE

EVENTS

The Medical Alley Association creates opportunities for personal connections and professional development. Networking and educational events, conferences and thought-leadership programming bring together customers, competitors and collaborators across health technology and care organizations.

MEMBER SERVICES

The Medical Alley Association finds answers to questions, connects companies to opportunities and leverages purchasing power. As an industry hub, we work to identify and communicate common issues and emerging trends so you're always in the know.
